

Long Stay, Academic Year and University Pathway Programmes

2011

Programme Highlights

Clubclass offers a comprehensive and flexible range of long stay programmes designed for students to significantly improve their proficiency in English. Concentrating on developing the important skills of reading, writing, listening and speaking, over a period of time, the programmes give participants a solid foundation for further academic study or entry into the field of employment where English is the language of communication.

Academic Preparation

The study programmes at Clubclass are intensive and provide rigorous preparation for those who want to study abroad or to develop a career which requires English language skills. Our Director of Studies will design a comprehensive study plan, taking into consideration the participant's level of English and academic goals, for the duration of their stay at Clubclass. Student's progress is monitored through assisted self study, homework and regular progress tests.

Graduating from Clubclass

Upon completion of their programme at Clubclass, participants will be awarded a Clubclass Certificate of Achievement stating their level of proficiency. This certificate, together with the student's final progress report, can be presented to future employers or educational institutions as proof of the student's English ability. Participants can also be given assistance in choosing and applying for entry into a university of their choice.

Long Stay Programme

This programme is designed for students who want to develop their English language skills more thoroughly over an extensive period of time. It is the most flexible programme offered by Clubclass because students can join for a minimum duration of 5 weeks and start on any Monday throughout the year. Once students reach an Intermediate level of English or higher, they may switch or upgrade to an Exam Preparation Course.
